SUBJECT: TRADE ACT CO-ENROLLMENT TAG REVISED

This information bulletin transmits the Trade Adjustment Assistance Co-Enrollment Technical Assistance Guide (TAG), DE 8306 Rev. 2 (12-00) and announces the release of two revised forms, Trade Act Inquiry Form, DE 8307 Rev. 2 (10-00) and Referral Form, DE 8308 Rev. 2 (10-00). This TAG is to assist the Employment Development Department (EDD) Job Service (JS) and Local Workforce Investment Area (LWIA) staff in serving trade-affected dislocated workers.

The procedures contained in the Co-Enrollment TAG establish eligibility requirements for applicants of Trade Adjustment Assistance/North American Free Trade Agreement-Trade Adjustment Assistance (TAA/NAFTA-TAA) and Workforce Investment Act programs. In addition, the procedures are intended to help promote cooperative efforts among local partners. The local EDD JS and LWIA partners may tailor the procedures to meet their specific coordination needs.

The EDD Field Operations Directive 00-112 is also attached; it provides additional information for EDD and LWIA staff.

If you have any questions about this TAG, please contact Tom Campbell at TCampbe1@edd.ca.gov or (916) 654-8555.

/S/ BILL BURKE
Chief
